FIFTH EDITION

Introduction to Fire Protection and Emergency Services

Robert Klinoff

TABLE OF CONTENTS

Chapter 1

Fire Science Education and the Fire Fighter Selection Process

Introduction
College Fire Science Programs
    Online Programs
Other College Programs
Career Potential Assessment
    Workplace Stress
    Teamwork
    Physical Health and Fitness
    Changing Demands of the Fire Service
Human Relations and Work Ethics
Training Programs
Personnel Development Programs
Selection Process
    Recruitment
    Application Process
    Written Examination
    Skills Test
    Oral Examination/Interview
    Physical Ability/Agility
    Work Capacity Test for Wildland Fire Fighters
    Psychological Test
    Background Investigation
    Final Interview
    Medical Examination
    Probationary Period
Goal Setting

Goal-Setting Process

Chapter 2

Fire Protection Career Opportunities

Introduction
Public Fire Protection Careers
Fire Fighter Recruit–Fire Department
Fire Fighter–Fire Department
Fire Fighter–Fire Department Federal
Fire Fighter Paramedic
Fire Heavy Equipment Specialist
Safety Section Retirement
Fire Fighter (Forestry Aid) Wildland General Schedule 3
Civilian Positions in the Fire Service
Fire Prevention Specialist
Fire Hazardous Materials Program Specialist
Fire Department Training Specialist
Public Fire Safety/Education Specialist
Dispatcher/Telecommunicator
Emergency Services Planner/Manager
Private Fire Protection Careers
Fire Fighter
Insurance Companies
Industry
Fire Protection Systems Engineer
Fire Protection System Maintenance Specialist
Invention and Innovation

Chapter 3

Public Fire Protection

Introduction
Evolution of Fire Protection
Earliest Known Firefighting

American Settlements
Volunteer Fire Companies
The Modern Fire Department
Fire Stations
Personal Protective Equipment
History of Wildland Fire in America
Strategic Burning and Land Clearing
The Impact of the Railroad
Loss of Life and Property
Wildland Fire Management
Equipment
Fire Service Symbols
Maltese Cross
Dalmatians
Fire Losses
Loss from Wildland Fires
The U.S. Fire Problem
Purpose and Scope of Fire Agencies
Fire Prevention
Public Education
Hazardous Materials
Working with Law Enforcement
Fire Defense Planning
All-Hazard Planning
Risk Management
Community Risk Reduction Planning
The Future of Fire Protection

Chapter 4

Chemistry and Physics of Fire

Introduction
Fire Defined
Fire Triangle
Fire Tetrahedron
Chemistry of Fire

Oxidizer
Fuel
Physics of Fire
Fuel
Heat and Temperature
Heat Transfer
Classification of Fires
Stages of Fire
Incipient Stage
Free-Burning Stage
Flashover Stage
Smoldering/Decay Stage

Chapter 5

Public and Private Support Organizations

Introduction
National and International Organizations
National Fire Protection Association
Transportation and Storage of Hazardous Materials
Fire Protection Systems and Equipment
Codes and Standards
Disaster Assistance and Recovery
Professional Accreditation and Certification
Professional Research
Fire Apparatus and Equipment
Personnel and Training Support
Incident Management
Insurance Providers
Emergency Medical Services
Federal Organizations
Department of Defense
Department of Labor
Emergency Management Institute
National Emergency Training Center
National Institute for Occupational Safety and Health

- National Incident Management System
- National Integration Center
- National Institute of Standards and Technology
- U.S. Department of Agriculture Forest Service
- U.S. Department of Homeland Security
- U.S. Department of the Interior
- National Firefighting Equipment System
- National Interagency Fire Center
- Federal Emergency Management Agency
- United States Fire Administration
- National Fire Academy
- Fire and Emergency Services Higher Education Conference
- Department of Justice Bureau of Alcohol, Tobacco, Firearms, and Explosives
- Occupational Safety and Health Administration
- Environmental Protection Agency
- Nuclear Regulatory Commission
- U.S. Coast Guard

State Organizations

- Office of the State Fire Marshal
- State Fire Training
- State Emergency Management Agency
- Fire Commissions
- State Fire Chiefs Associations
- State Fire Fighter Associations
- State Police
- State Environmental Protection Agency
- State Occupational Safety and Health Administrations
- State Forestry Department
- Special Task Forces
- National Guard

Local Organizations

- Burn Foundations
- Local Government
- Health Department
- Law Enforcement
- Building Department

Water Department
Zoning/Planning Commission
Street Department
Judicial System
Office of Emergency Management
Emergency Medical Service Agency
Emergency Operations Center
Fire Fighter Union Locals
Community Service Organizations
Periodical Publications

Chapter 6

Fire Department Resources

Introduction
Fire Department Facilities
Headquarters
Automotive Repair Facility
Training Center
Warehouse/Central Stores
Communications Center
Fire Stations
Fire Apparatus
Cab and Chassis
Motor
Modular Apparatus
Pumper/Engine
Water Tank
Foam Systems
Pumps
Centrifugal Pump
Positive Displacement Pumps
Aerial Ladder and Elevating Platform Apparatus
Quint
Squads
Aircraft Rescue Firefighting Apparatus

Fire Tools and Appliances
- Hose
- Nozzles
- Fittings
- Ladders
- Self-Contained Breathing Apparatus
- Hand Tools
- Medical Aid Equipment
- Thermal Imaging Cameras
- Wildland Firefighting Hand Tools

Heavy Equipment
Personal Protective Equipment
- Station/Work Uniforms
- Structure Fire PPE
- Personal Alarm/Personal Alert Safety System
- Proximity Suits
- Wildland PPE
- Emergency Medical PPE

Aircraft
- Fixed-Wing Aircraft
- Rotary Wing Aircraft

Chapter 7

Fire Department Administration

Introduction
Principles of Command
- Unity of Command
- Chain of Command
- Span of Control
- Division of Labor
- Delegation of Authority
- Exception Principle

The Management Cycle
- Goals
- Objectives

Fire Department Types
    Volunteer Fire Department
    Combination Fire Department
    Public Safety Department
    Career Fire Department
    Industrial Fire Brigade
    Contract Fire Protection Service
Communications

Chapter 8

Support Functions

Introduction
Dispatch
    Expanded Dispatch
Transmission of Alarms
    Lookouts
    GIS/Mapping
Fire Investigation Unit
    Arson Bureau
    Cost Recovery
Hazardous Materials Control Unit
Adjutant/Aide
Technical Support
    Legal Issues
    Crime Investigation
    Weather
    Hazardous Materials
    Special Hazards
    Emergency Medical Services
Information Systems
Personnel/Human Resources
Business Manager
Incident Business Management
Warehouse/Central Stores
Repair Garage

Radio Shop

Chapter 9

Training

Introduction
Training Bureau
    Staff or Operations Function
    Training Officer
    Training Chief
    Company Officers
    Instructors
    Electronic Media Technician
    Light Duty
Interagency Training
    Ambulance Companies
Training Facilities
    Off-Site Training
Purpose and Importance of Training
Technical Training
Manipulative Training
Determining Adequate Levels of Training
Performance Standards
Skill Development, Maintenance, and Assessment
    Development
    Maintenance
    Assessment
Standard Operating Procedures
Training Records
Relationship of Training to Incident Effectiveness
Required Training
Training Safety

Chapter 10

Fire Prevention

Introduction
Fire Prevention Bureau
- Staff Function
- Operations Function
- Personnel
- Professional Standards

Fire Prevention Activities
- Fire Prevention Terms

Methods of Fire Prevention
- Hazard Evaluation and Control
- Public Education and Public Information
- Company-Level Fire Prevention Activities
- Fire Prevention Inspection
- Determination of Fire Cause

Fire Information Reporting

Chapter 11

Codes and Ordinances

Introduction
Definitions of Laws
The Court System
- Liability
- Lawsuits

Personnel Complaints
- Harassment-Free Workplace

Fire Prevention
- Relationship of Federal, State, and Local Regulations
- Model Fire Codes

Code Development
- Relationship of Codes to Standards

Legal Considerations at Emergency Incidents
- Scene Management
- Personnel Safety

Operation of Emergency Vehicles
Good Samaritan Laws
Infectious Disease

Chapter 12

Fire Protection Systems and Equipment

Introduction
Water Companies
Public Water Companies
Private Water Companies
Water Supply Systems
Distribution System
Water Systems Program
Private Fire Protection Systems
Detection Devices
Extinguishing Agents
Water
Foam
Wetting Agents
Fire Retardant
Carbon Dioxide
Halogenated Agents
Clean Agents
Dry Chemical
Dry Powder
Extinguishing Systems
Sprinkler Systems
Wet Pipe System
Dry Pipe System
Sprinkler Heads
Standpipe Systems
Foam Systems
Gas Extinguishing Systems
Carbon Dioxide
Dry Chemical Systems

Wet Chemical Extinguishing Systems
Fire Extinguishers
Obsolete Extinguishers
Fire Pumps
Pressure-Reducing Devices

Chapter 13

Emergency Incident Management

Introduction
Management Responsibility
Incident Planning
Strategy
Size-Up
Strategic Priorities
Modes of Attack
Tactics
Tasks
National Incident Management System
The Incident Command System
History of the Incident Command System
ICS Built on Best Practices
ICS Features
ICS Organization
Performance of Management Functions
Incident Command
Expanding the Organization

Chapter 14

Emergency Operations

Introduction
Personnel
16 Firefighter Life Safety Initiatives
Rapid Intervention Teams

Two In, Two Out
Structural Firefighting
Mitigating Hazards
High-Rise Buildings
Electrical Hazards
Pets
Fire Department Operations at Sprinklered Occupancies
Electrical Distribution Equipment and Installations
Wildland Firefighting
LCES
F LCES Δ
Look Up, Look Down, Look Around
Wildland–Urban Interface/Intermix Firefighting
Petroleum Firefighting
Gasoline Spills
Liquefied Petroleum Gas
Natural Gas
Hazardous Materials Incidents
Weapons of Mass Destruction
Emergency Medical Service Operations
Highway Incident Safety
Vehicle Accidents
Vehicle Fires
Aircraft Firefighting
EMS and Firefighting with Aircraft
Technical Rescue
Decision Making
Crew Resource Management
The 2 and 7 Tool

Appendix A FESHE Correlation Guide

Appendix B Imperial and Metric Conversions

Glossary

Index

INSTRUCTOR AND TECHNOLOGY RESOURCES

Instructor Resources

Instructor's Toolkit CD

Preparing for class is easy with the resources on this CD, including:

- **PowerPoint Presentations** Provide you with a powerful way to make presentations that are educational and engaging to your students. These slides can be modified and edited to meet your needs.
- **Lesson Plans** Provide you with complete, ready-to-use lesson plans that include all of the topics covered in the text. Offered in Word documents, the lesson plans can be modified and customized to fit your course.
- **Test Bank** Contain multiple-choice questions and allow you to create tailor-made classroom tests and quizzes quickly and easily by selecting, editing, organizing, and printing a test along with an answer key, including page references to the text.
- **Image and Table Bank** Provide you with a selection of the most important images and tables found in the textbook. You can use them to incorporate more images into the PowerPoint presentations, make handouts, or enlarge a specific image for further discussion.

Technology Resources

Navigate Course Manager

Combining our robust teaching and learning materials with an intuitive and customizable learning platform, Navigate Course Manager gives you the tools to build a solid, knowledgeable foundation with world-class content. With Navigate Course Manager, learning is no longer confined to the four walls of the classroom. Now you can learn anytime and anywhere, when it is ideal for you.

World-class content joins instructionally sound design in a user-friendly online interface to give students a truly interactive, engaging learning experience with:

- eFolio, an engaging eBook that offers study advantages far beyond the print textbook. With anytime access to complete textbook content, interactive eBooks allow students the flexibility to navigate between the text and enhanced activities for greater understanding of core concepts.
- Course Management Tools that simplify the management and delivery of curriculum and assessments to students, enabling anytime, anywhere access to learning. Instructors can track real-time progress, manage assignments, and view results in the grade book.

ABOUT THE AUTHOR

Robert W. Klinoff is a California Certified Chief Officer, National Fire Academy Executive Fire Officer, and retired Chief Deputy Fire Chief with the Kern County Fire Department. He is a 35-year fire service veteran. His background includes experience as a fire fighter while a student at Columbia College, as an Emergency Medical Technician, as a fire fighter with the U.S. Forest Service, as a fire fighter with the City of San Gabriel, California, and 29 years with the Kern County Fire Department. He has served the Kern County Fire Department in Operations and as a Training Officer and Fire Marshal.

His education includes an associate of science degree in Fire Science from Columbia College and a bachelor's degree in Occupational Studies —Vocational Arts from California State University Long Beach. He is a California State Fire Service Training and Education System–certified Chief Officer, Master Instructor, Movie and Television Fire Safety Officer, and Hazardous Materials Specialist. As an instructor for the State of California, he teaches both Company Officer- and Chief Officer-level courses. He also serves as adjunct faculty for the National Fire Academy, teaching Infection Control for Emergency Response Personnel, Managing Company Tactical Operations, and Chemistry of Hazardous Materials.

Robert has further served his community as the president of the Kern SAFE Coalition, an agency dedicated to childhood injury prevention. He is a National Fire Protection Association *Risk Watch* Champion and a National Highway Traffic Safety Administration–certified Child Passenger Safety Technician/Instructor.

Under the National Interagency Incident Qualifications System, he is certified as an Incident Commander, Safety Officer, Division Supervisor, and Strike Team/Task Force Leader. Robert served as a Safety Officer on California Interagency Management Teams. He and the team responded to the Pentagon incident on September 11, 2001, as well as numerous other major incidents throughout the country. As a result of the team's
